Smart Peel™ Micro DERMABRASION SKIN EXFOLIATION SYSTEM

SMART PEEL™ is a fast and efficient system of gently removing extraneous epidermal tissue to reveal underlying skin cells using micro crystals. Skin will look younger and healthier. **SMART PEEL™** has been used successfully in the following applications:

- * Superficial skin exfoliation for softening of fine lines and wrinkles
- * Reduction of: hyperpigmentation changes & age spots
- * Blending of scars
- * Reduction of pore size
- * Improves skin tone

Great for the face, neck, décolleté' and hands. *Recommended in a series of five treatments, one every 7-14 days.* One treatment is no charge in a series.

ULTRA HI FREQUENCY TREATMENT

Natural Skin Function Accelerator

Using energy similar to ultrasound, this process stimulates the vascular and circulatory systems. By doing so it increases blood flow, while strengthening and improving the elasticity of the skin.

Achieve results with:
